

Model SRPM Secure-Sense® Room Pressure Monitor Accessories

Model SRAN - Remote Annunciator

Setra's Remote Annunciator (SRAN) allows remote indication of room pressure status at monitoring/nurses station. A Green LED indicates a Normal room condition, a Red LED and Audible Alarm signal a breach in room pressure status.

The SRAN is the same size as a standard electrical wall plate (2.75" W x 4.5" H) and fits flush to the wall. It can be mounted to the wall using a standard electrical box.

Under normal conditions the Green LED remains on. When an alarmed condition occurs (i.e., room pressure falls outside preset range), a signal is triggered by the SRPM, the Green LED shuts off, the Red LED flashes and the Audible Alarm sounds. The acknowledge button can be pressed to momentarily turn-off the Audible Alarm and the Red LED will continue to flash until the alarmed condition is corrected. When the alarmed condition is corrected the annunciator will reset itself. The Green LED will turn-on, the Red LED and Audible alarm will shut-off.

Specifications

- Enclosure:** 2.75" W x 4.5" H aluminum wall cover plate
- Display Panel :** Red and Green LED Indicators
Acknowledgement Switch
- External Power Supply:** 15 VDC, 50 mA Max.
- Audible Alarm:** 0 dBA - 85 dBA measured 4 inches from annunciator
- Time Delay:** Adjusts at (SRPM) Room Pressure Monitor

Note: The SRAN operates with the SRPM or with any dry contact and an external power supply.

Model RPS - Room Pressure Snubber

The RPS is a stainless steel room static pressure sensor that has the same footprint (2.75" W X 4.5" H) as your standard electrical wall plate. It can be mounted to the wall using a standard electrical box.

Ordering Information

Part Number	
Model SRAN =	S R A N
Model RPS =	R P S

Applications

- Hospital Patient Isolation Wards
- Pharmaceutical Manufacturing
- Semiconducto Fabs
- Cleanrooms
- Research Laboratories
- Animal Resource Facilities
